HONGKONG, THURSDAY, APRIL 2, 1896.

THE GUBERNATORIAL FIASCO.

On Tuesday morning last, the whole
garrison of Hongkong was in commotion.
All officers—regimental, departmental and
staff—were rushing about in their very best
gold-lace uniforms, swords, and cocked
hats and all that makes a man look grand.
Guards of honour were paraded in full
dress, inspected and marched off; one to the
landing-place, another to Government
House. The roads were lined with troops
as though ready for a royal procession.
The Asiatic Artillery stood to the guns
in the saluting battery; everybody and
everything civil and military, was ready
and prepared for a great and solemn
function of some kind. But alas! nothing
came of it, nothing was done. The guns
were abandoned, the guards of honour
were withdrawn, the troops marched
into barracks and dismissed. The
officers wended their way disconsolately
to their houses, using, many of them,
language by no means too strong for the
occasion. And why was all this hurry,
confusion, and expense? Why were the
soldiers needlessly harrassed and exposed to
the open contempt and laughter of the
Chinese, and to the scarcely concealed
sneers of many of the foreigners living in
our midst? Why? Because of the
presence of French gunboats in the
Menam River, thus bringing the military
outposts of a possible, if not actually probable, enemy of
Great Britain within a very few
days' march of Rangoon. In a word,
the Agreement has, judging by the vigorous
denunciations of *Le Courier*, completely
wrecked one of the prettiest "chateaux of
Fayolle" that even the elastic imagination
of grasping French diplomats can
possibly conceive for the special
selection of the most insatiable, albeit
lamentably unsuccessful, advocates of
colonial expansion. Nothing but disaster
is, we read, to be looked for as the
direct result of the Anglo-French
settlement, and we are told that from

THE New British Minister, Sir Claude
MacDonald, will arrive here by the P. & O.
Mail liner *Pitha*, which is due to-morrow
morning. It is probable that his Excellency will be
entertained at *Tiffin* to-morrow by the Committee
of the local branch of the China Association.

INSPECTORS Stanton and Qincey, and Sergeants
Holt and McIvor this morning succeeded in
arresting two desperate characters who are
badly "wanted" by the Canton authorities, who
all agree that they are guilty of a cold-blooded
murder and a most dastardly robbery committed
in the provincial capital recently. The men
showed fight on being surrounded, but were
seized without any harm being done.

THE report of the proceedings at the meeting of
the Legislative Council this afternoon, especially

in so far as they refer to the refusal of the
Government to comply with the Hon. T. H.
Whitehead's request for the production of *all*

the papers relating to the proposed reconstitution
of the Sanitary Board, should be read carefully

by all who take an intelligent interest in what is

going on around them and who are denied, in

this greatly over-governed colony, the consti-

tutional rights and privileges of their fellow-

countrymen in the Australian colonies and in

the Mother Country.

DECORATIONS FOR PLAGUE
WORKERS.

As has been stated in these columns on several
occasions, much extra work has been thrown on

the Police by the measures which have been

taken this year to cope with the threatened

epidemic of Black Plague. Every case dis-

coved has to be visited by an Inspector, the

Janitors detailed, their clothing disinfected, and

elikethaken to the marsh-boats or the steamer
for Canton. All these operations are carried

out under the superintendence of the Police. This

is additional to the regular police duties,

which are carried on as usual. Acting Captain

Superintendent of Police Mr. W.C.H. Hastings,

on the eve of setting from that position to under-

take the duties of Police Magistrate, reported

these facts to his Excellency the Governor, who

on the first of the current month noted his appre-

ciation of these extra services by presenting Medals

of Merit of the third class to Inspectors Kemp

and Baker and Sergeant T. Moffat, and of

the fourth class to Inspectors Duncan and Acting

Inspectors Hanah and Witchell. Acting Chief

Inspector Mackie and Inspector Hanson, of the

Water Police, who are already in possession of

first class medals, had their services recognised

in the following letter:

GOVERNMENT HOUSE,
1st April, 1896.

The Acting Superintendent of Police having

brought to my notice your arduous work already

performed, and still being performed by you

in good health and apparently fairly satisfied

with the result of your historical trip to Wuchow.

Mr. Andrew's official business connected

with the wholly illegal interference with his

business by the Viceroy of the Liang Kwang

and his obnoxious satellites at Wuchow has

not yet been completely settled. He was

graciously permitted to sell his goods after several

weeks' delay, and for this small mercy is doubtless

very thankful to His Gracious the Viceroy.

THE HONGKONG TELEGRAPH, THURSDAY, APRIL 2, 1896.

VETERINARY AUREOGRAM.

Will the Government inform the Council what steps have been taken or are proposed to be taken to secure the immediate services of a Veterinary Surgeon, and is it the intention of the Government to provide in future against the contingency of the Veterinary Surgeon going on leave?

NEW PUBLIC OFFICES.

Will the Government inform the Council the cause of delay in taking steps to obtain, by public competition, plans and designs for the proposed new government offices, including the Post Office and the Supreme Court, as directed some time ago by the Governor?

THE COST OF THE ADMINISTRATION.

Hon. T. H. Whitehead:—In accordance with notice given, I beg to ask:—Will the Government lay upon the table a statement showing the total cost of the Administration, or the expenditure of the Government under the head of salaries, including allowances, pensions, exchange compensation, etc., for the year 1895?

In reply to this the Colonial Secretary laid the following statement on the table:—Salaries, including Allowances, £751,60.37; Pensions, £12,776.97; Exchange Compensation, £19,415.52.

Total, £83,152.86

THE SANITARY BOARD.

Hon. T. H. Whitehead:—Sir, according to the notice I gave at the last meeting of the Council, I beg to ask:—Will the Government lay open to the table a copy of all the papers or correspondence between the Colonial Government and the Home authorities, and all other documents, including the reports or written opinions of the unofficial members, in connection with and on the subject of the Sanitary Board and its reconstruction?

The Colonial Secretary:—The answer to the former part of the question is "No." With reference to the latter part I beg to lay upon the table the correspondence already published in the press, a copy of which the honourable member has been furnished with.

Mr. Whitehead:—I will now give notice that at the next meeting of the Council I will move a resolution that all the papers on the subject be laid upon the table, including those asked for to-day and those mentioned in my letter to the Colonial Secretary of yesterday's date. I will hand in the notice at the earliest opportunity.

NATURALIZATION OF LEE SHEW.

The Hon. the Attorney General explained the status of the person named, and the bill was read a first time.

THE EXPORT OF ARMS TO MACAO AND CANTON.

No. 2.—A Bill entitled An Ordinance to amend and consolidate the law relating to the carriage and possession of arms and ammunition.

His Excellency:—With regard to the second item on the agenda, I propose to withdraw that Ordinance for the present. It is a very delicate and difficult question, and requires to be carefully dealt with. As you have all seen from the newspapers, there has undoubtedly been a very large export of arms from here to Macao and even to Canton lately, and therefore I will be obliged to the honourable members if they will kindly serve upon a Committee to study and report to me soon the subject. I would suggest the Attorney-General, the Harbour Master and Commander Hastings as the official representatives. Will the Hon. Mr. Chater, Dr. Ho Kai and Mr. Whitehead agree to serve as the unofficial members, and furnish me with a report on the subject of the proper supervision of the export of arms and ammunition?

The gentleman mentioned agreed to serve on a Special Committee as suggested.

COUNTERFEITING.

A Bill entitled An Ordinance to provide for the issue of search warrants in the case of suspected Counterfeiting.

The bill was read a first time.

BUILDING ORDINANCE.

A Bill entitled An Ordinance to amend "The Building Ordinance 1889."

The Attorney General stated that this was a matter of urgency, and he proposed to ask the Council to suspend the standing Rules and pass it to-day. An application was before the Surveyor General for permission to dig a well, which as the law stood at present he could not grant, and this caused grave inconvenience.

The bill was then read a first time, the Standing Rules were suspended, it was read a second time, considered in Committee, read a third time and passed.

LICENSING ORDINANCE.

A Bill entitled An Ordinance to supplement the provisions of "The Licensing Consolidation Ordinance, 1897."

This bill was read a first time.

REGISTRATION OF BIRTHS AND DEATHS.

A Bill entitled An Ordinance to amend and consolidate the law relating to the registration of Births and Deaths.

This bill was read a second time, but the proposal to go into Committee on it was amended by the Colonial Secretary moving it be referred to the Law Committee, which was agreed to.

FACTORS.

A Bill entitled An Ordinance to amend and consolidate the Law relating to Factors" was read a third time and passed.

SALE OF GOODS.

A Bill entitled An Ordinance for codifying the Sale of Goods.

This Bill was read a third time and passed.

SUPREME COURT MONIES.

A Bill entitled An Ordinance to amend the Law as to certain Monies paid into the Supreme Courts or to the Registrar thereof.

The Council went into Committee on this bill; it was amended, and on resuming, on the motion of the Hon. Attorney General, the Standing Rules were suspended and the bill was read a third time and passed.

ADJOURNMENT.

His Excellency:—There will be a meeting of the Finance Committee immediately after adjournment. I now adjourn the Council for two weeks.

Hon. C. P. Chater:—Sir, concerning the adjournment for two weeks, Thursday is a very inconvenient day. There is no meeting of the Hongkong and Shanghai Bank on Thursday, at the same hour the Council meets. We shall be obliged if you can fix Friday.

His Excellency:—Very well.

FINANCE COMMITTEE.

A meeting of the Finance Committee was held immediately after the adjournment of the Council. The Hon. Colonial Secretary presided, and all the members were present.

The minutes of the last meeting were read and confirmed.

The Chairman laid the following minute before the Committee:—

The Governor recommended the Council to re-vote the following sums:—

£. 32,151.40, being the unexpended balance of the vote of £6,000 for the erection of the statue of Her Majesty the Queen.

£. 81,465.99, being the unexpended balance of the vote of £5,000 for additional Officers at the Central Police Station.

The Chairman:—These sums were voted last year, but not expended, and it is now necessary to come before the Committee again that they may be spent.

THE HONGKONG TELEGRAPH, THURSDAY, APRIL 2, 1896.

Mr. Chater:—I should like to know when the statue of Her Majesty the Queen is likely to be erected.

The Director of Public Works:—I think another month or six weeks will see it well forward.

Mr. Chater:—Will it be ready by the Queen's birthday? I am on a Committee to celebrate that day and am anxious to know.

The Chairman:—The Director of Public Works says it will be ready in six weeks. That will be considerably before the time.

Mr. Chater:—Only about ten days!

The Director of Public Works:—If the Committee decide I will meet them later, when I will be able to give them a more definite answer.

The minute was then recommended to the Council and the Committee adjourned.

A QUESTION OF ADULTERATION.

MAGISTERIAL PROCEEDINGS.

At the Police Court yesterday afternoon, before Mr. T. Scobell Smith, Mr. John Kennedy appeared in response to a summons charging him, at the instance of J. T. Cotton, Inspector of Muisances, with having sold adulterated milk.

Mr. H. L. Dagnay appeared for Mr. Kennedy.

Inspector J. T. Cotton stated that at 7.30 a.m. of the 25th ultimo he gave a bottle, 20 cents and an empty bottle, with instructions to buy a bottle of milk at Mr. Kennedy's dairy, near the Tram Station. He watched the cooies from the Station, saw Mr. Kennedy talking to Mrs. Kennedy, and when he came out took the bottle of milk from the cooies. At 10 o'clock, after returning to his house and having breakfast, he gave the milk to the Secretary of the Sanitary Board, and afterwards at his request, gave it to Mr. Crow at the Government Civil Hospital.

Mr. Dagnay:—I would ask your Worship to take the evidence of Mr. Kennedy, as he is the only person who can speak with reference to the amount he supplies his customers. I think your Worship has the power to take his statement.

His Worship:—I cannot do so, I am very sorry I cannot.

Mr. Dagnay:—I would ask your Worship to consider what I stated yesterday with reference to this Ordinance not being on the same lines as the Home Act, where the defendant is charged under the ordinance with sale of goods calculated to injure the consumer. The goods must be calculated to injure the consumer. I must ask your Worship to consider the effect of this on my client, and that there has been no satisfactory proof given against him. The principal evidence is that of Mr. Crow, who says:—"I have analysed this milk and in my opinion at least 6 per cent of water has been added." He gives no reason except that a certain amount of solid and insoluble matter was present, and he thought the proper amount of water should be 8 per cent.

His Worship:—The reasons he gave were that it contained only 8.01 per cent of non-fatty solids and the amount of fat was low.

Mr. Dagnay:—He says he knows nothing of Australian or American cows, which we have proved these are. Mr. Crow admits he does not know the proper percentage of water in milk from Australian cows, and I submit your Worship cannot convict upon this evidence.

Questions were asked the Inspector as to his having had personal feeling in this matter. I will not go into this except to show that the Inspector's evidence cannot be relied upon. The Inspector swore he gave the bottle in Court to the cooies and that the cooies returned the very same bottle full of milk to him. The cooies swore he left the bottle given to him by the Inspector, and got another from Mr. Kennedy. This shows there is a certain amount of animosity in the evidence, and I would ask you to decide that my client cannot be convicted upon the evidence before the Court. You are making this a criminal offense against a man who has done business here for 20 years. This is the first time he has been charged, and the only evidence is that Mr. Crow thinks there is 6 per cent of added water. I have called evidence to show no water was added or could have been added, and Mr. Kennedy has placed every opportunity in your hands to examine this matter. I brought the evidence of the buffalo milk to show there was no concealment. I ask your Worship not to convict Mr. Kennedy in this case of breach of this Ordinance, which is a very serious charge and is not well supported. I would therefore ask your Worship to dismiss the case.

Mr. Dagnay:—Give me your reasons.

His Worship:—I do not think the witness is bound to answer that question.

Mr. Dagnay:—I submit he is, as he is in no way privileged. (To witness.) Are you aware that Dr. Clark gets his milk from Mr. Kennedy's?

Mr. Dagnay:—I do not know where Dr. Clark gets his supply of table commodities from.

That would be the last thing I should inquire about.

Mr. Dagnay:—Give me your reasons.

His Worship:—I do not think the witness is bound to answer that question.

Mr. Dagnay:—I submit he is, as he is in no way privileged. (To witness.) Are you aware that Dr. Clark gets his milk from Mr. Kennedy's?
